

INFIELD ACCELERATED TRAINING WEEKEND

September 4 – 5, 2010
Baseball Factory Field - UMBC
Baltimore, MD

Want to take your defensive game to the next level?

Not satisfied with your performance in the field?

Need repetition and instruction to improve your fielding techniques?

Join Baseball Factory for a two-day comprehensive infield training session and benefit from:

◆ **First Class Instruction:** Our experienced coaches include professional scouts, former professional players and former college coaches. Players will benefit from a low player-to-coach ratio. Baseball Factory coaches have the knowledge and experience to raise the level of your play.

◆ **Intense Training:** Receive numerous ground balls through various drills that will work your forehands, backhands, double play feeds/turns, and slow rollers. Our coaches will teach you the proper mechanics and give you the opportunity to practice those mechanics through repetition.

◆ **Off Season Work:** Gain an edge over the competition by using the off-season to squeeze in some extra time honing your defensive skills

“The camps were great for teaching me how to play. The instructors helped me one-on-one and taught me many ways to improve my game. I can’t wait for more camps.” –

P.J. Morrison, Baseball Factory Player
